

My daughter is studying in Mathsarc Classes since past two months and ~~my~~ we are having a good experience of the class. The teachers are very good and they explain each topic to the children in detail. They ensure that the concepts of each child are clear. The children are free to ask their doubts. Also, small tests are taken frequently so that the understanding of children is clear. Regular feedbacks are given by the teachers to the parents about their ward.

 आपला 'parents meeting' हा उपक्रम
 फारच चांगला आहे, ज्याद्वारे आपल्याशी
